

Charan Tej Matam

AI/ML Engineer

Email: charantejmatam@gmail.com

Phone: +91 9550672501

Location: Andhra Pradesh, India

Job Title: AI/ML Engineer

PROFESSIONAL SUMMARY

Computer Science undergraduate at IIITDM Kurnool with a strong foundation in C++ and Data Structures & Algorithms. Passionate about Machine Learning, Deep Learning, and Computer Vision, with hands-on experience building embedded systems and applying AI to real-world problems. Seeking AI/ML or Software Development internship roles.

EDUCATION

B.Tech — CSE - IIITDM Kurnool

2024-01 - 2028-01

SKILLS

C++, Python, SQL, JavaScript, Scikit-Learn, NumPy, Pandas, NLP, Git, Problem-Solving, HTML/CSS

PROJECTS

Breast Cancer Classification

Trained a classification model to predict breast cancer diagnosis from clinical medical data. Applied data preprocessing, feature selection, and comparative evaluation of ML algorithms. Achieved strong accuracy through systematic hyperparameter tuning and cross-validation.

AI Notes Enhancer

Built an AI-powered tool to automatically summarize and restructure study notes. Leveraged NLP techniques to generate concise explanations and well-organised learning material.

My lang compiler

Developed a custom compiler for a proprietary language, implementing lexical analysis, syntax analysis, and intermediate code generation phases. Designed and built a symbol table and error handling mechanisms to enhance compiler robustness and user feedback. Utilized C++ to create a fully functional compiler capable of processing source code, generating optimized intermediate representations. Successfully compiled and executed programs written in the custom language, demonstrating a deep understanding of compiler design principles and software engineering practices.

LANGUAGES

English (Fluent)

Linkedin: https://www.linkedin.com/in/charan-tej-matam-a422a6319?utm_source=share&utm_campaign=share_via&utm_content=profile&utm_medium=android_app

CERTIFICATIONS

Machine Learning (Coursera/NPTEL)

Python for Data Science

Deep Learning Fundamentals

ACHIEVEMENTS

Active DSA problem solver — LeetCode/Codeforces handle

POSITIONS OF RESPONSIBILITY

Member — Coding / Technical Club, IIITDM Kurnool

Volunteer — Technical Events & Workshops

HOBBIES
